## Prices

We offer Pay as You Go packages that include bundles of between 50 and 2500 messages, according to your requirements.

Business customers can opt for packages from 200 to 20000 inclusive messages per month, typically invoiced with 30 day terms (subject to status). These packages start from £15, with no minimum contract period.

Unlike most of our competitors, there are no additional charges to allow you to receive replies – this is a standard feature of our service. The price you see is the price you pay.
